# Unrestricted Burning
# Burning Period Change

Please note the change to your *Firebreak & Fuel Hazard Reduction Notice* where the **unrestricted** burning period closes on **30 September 2024** and not 14 October as per previous years.

This means you will need a **Burn Permit** for any burning during the **restricted** period from: **1 October 2024 to 30 October 2024.**

Your **firebreak** requirements remain unchanged. **Firebreaks** must be installed by **29 October 2024** and maintained until 15 April 2025. Due to heavy fuel loads this year (high grass growth), fines will be issued for non-compliance.

For more information about conducting a planned burn, burning permits or to view the firebreak notice visit www.irwin.wa.gov.au
