3. RESPONSE TO PREVIOUS PUBLIC QUESTIONS TAKEN ON NOTICE

Question 1: Mr Bruce Baskerville, 'Indiaview', Port Denison
Neither the documents provided by the proponents, nor the Shire officer's report or recommendations, make any reference to the site and associated pipelines once its proposed uses come to an end. Can Councillors please include a specific condition, similar in character to conditions d, e, f and g, requiring the restoration of native vegetation, and rehabilitation of agricultural land, on affected land by the facility owners at the end of the facility's life?

Response: *Rehabilitation requirements are usually only placed on a development application if there is a definitive end timeframe for the operations. The application (at this stage) does not have an end timeframe for operations. Notwithstanding, it is the Shire's understanding that the landowner has an agreement in place with the operator that will require the land to be returned to its former state.*

Question 2: Mr Bruce Baskerville, 'Indiaview', Port Denison
Neither the documents provided by the proponents, nor the Shire officer's report or recommended conditions, make any reference to Scope 1, Scope 2 and Scope 3 emissions resulting from the project. Can the Shire either ask the proponents to provide estimates of that information now, **and/or** can include a condition to require the owners/operators to regularly update the Shire on these emissions, over the life of the project, so that the Shire can in turn regularly report that data to the Shire community?

- Scope 1 emissions – direct emissions released into the atmosphere as a direct result of activities on the site.
- Scope 2 emissions – indirect emissions released into the atmosphere beyond the site but a direct result of site activities, such as electricity generation for use on the site.
- Scope 3 emissions – broad emissions released into the atmosphere as a result of actions on the site, such as emissions generated by the use of the gas by the end consumer (upstream), or in transporting the condensate to the port (downstream).

Response: *The project was subject to an environmental impact assessment under the Environmental Protection Act 1986. The Environmental Protection Authority (EPA) considered that the likely environmental effects of the proposal were not so significant as to warrant formal assessment due to the proponent's detailed designs and strategies to minimise and mitigate impacts on environmental factors. The proposal is mostly located within a previously disturbed area and the native vegetation is in a degraded condition, and scope 1 and 2 greenhouse gas emissions are below the 100,000 CO2-e per annum threshold. The EPA is of the view that the potential impacts of the proposal can be adequately managed through the implementation of the proposal in accordance with the referral documentation and the proponent's management and mitigation measures.*

Question 3: Mr Bruce Baskerville, 'Indiaview', Port Denison
Are any of the proponents or entities involved in the proposed development members of the IAAC, and if so, have they agreed, in writing, to reimbursing the Shire for its IAAC expenditures?

Response: *Yes*

The Notice of Revocation can be found in Attachment Booklet – May 2024, CC03-05/24 Attachment 1.

Background:
At the Special Council Meeting held 21 May 2024, Council adopted the following:

OFFICER RECOMMENDATION AND COUNCIL DECISION 010524

Against: **Nil**

Officer's Comment:
Whilst undertaking a review of the details contained within the Officer Recommendation relating to Item CC01-05/24 Differential Rates 2024/25 prior to advertising to the community, it was noted that the GRV Rate in the dollar was calculated based on the 2019 Landgate Valuations. As such, rates in the dollar for each category have been recalculated as follows:

Rate Category	Rate in Cents in the Dollar	Minimum Rates
Gross Rental Valuations:		
General Rate	**~~13.065~~ 9.825**	**$1050**
Unimproved Valuations:		
General Differential Rate	**~~1.0910~~ 1.0891**	**$1050**
Mining Differential Rate	**~~22.335~~ 21.147**	**$1050**

It should be noted that the revenue distribution for each rate category aligns to the modelling scenario that Council opted for at the 2024/25 budget workshop on the 21 May 2024.

In accordance with the requirements of Regulation 10(2) of the *Local Government (Administration) Regulations 1996*, an Absolute Majority of Council is required for the Revocation Motion to be carried.

Local governments utilise levels of delegated authority to undertake day-to-day statutory functions, thereby allowing Council to focus on policy development, representation, strategic planning and community leadership, with the organisation focussing on the day-to-day operations of the Shire.

The judicial character arises from the obligation to abide by the principles of natural justice e.g., local planning applications, building permits, other permits/licences (e.g. under the Health Act, Dog Act or local laws) and other decisions that may be appealable to the State Administrative Tribunal (SAT).

Report Purpose:
For Council to approve, subject to advertising the proposed road name 'Sikh Lane' to be applied to the unnamed road that runs east off Hepburn Street, Dongara in between Smith Street and Moreton Terrace.

Background:
A request has been received from the Irwin Districts Historical Society (IDHS) for Council to consider formally naming the un-named public road behind the old newsagents that runs into the Chemist/Batavia Boulevard carpark as 'Sikh Lane'. Should Sikh Lane not be approved then the alternate names of Punjab and Sojan have been suggested by the IDHS.

A copy of the IDHS request is contained in ID02-05/24 Attachment 1 which includes the survey diagrams that depict the road extents. In summary the reasons/origins of the proposed names are as follows:

Sikh Lane

The Sikh community is an integral component of Dongara's cultural history and heritage, forming a large community in the town in the early twentieth century, with notable Sikh leaders Sojan Singh and Rur Singh also engaged in Dongara's business and civic life. The lane runs from Hepburn Street into the former commercial and residential properties of Sojan Singh (c1906-1920) and Rur Singh (1920-1947) that formed Dongara's early twentieth century 'Sikh Quarter'. The buildings were all demolished in 1989, and naming the lane is requested is a means of interpreting and marking this historical presence.

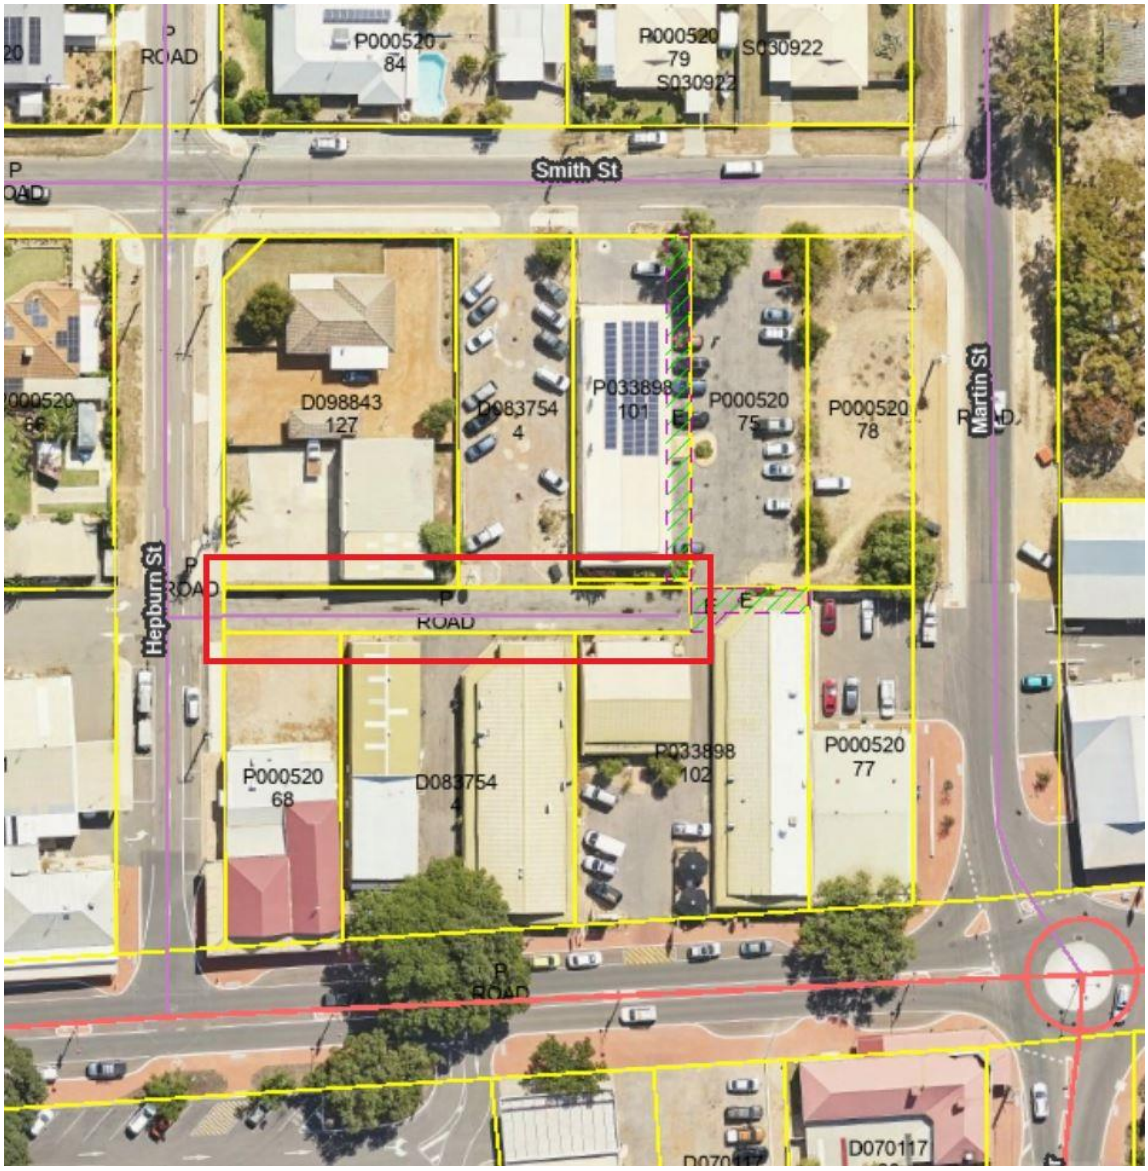

Punjab Lane

Punjab is the English-language name of the homeland of all Sikhs. All the Sikhs that lived in Dongara migrated to WA from Punjab, apart from the children of Sojan Singh and some children of Attra Singh who were born in Irwin or Dongara.

Sojan Lane

The first Sikh settlers in Dongara were Sojan Singh and his brother Pola Singh. Sojan was ex-Indian Army, operated a hawker's cart with his brother, then opened a rented general store in 1901 (now the old newsagency). In 1906 he built a new store and residence, and Pola built another store beside the 1906 store in 1930. These stores and residences were the 'Sikh Quarter'.

Location Plan

Officer's Comment:
The proposed names are considered appropriate given the Sikh community's strong historical linkages with the locality and all the names have passed preliminary validation for availability from Landgate.

Consultation:
The *Policies and Standards for Geographical Naming in Western Australia* requires that any new naming proposal considered to be of significance to the immediate or extended community must include evidence of consultation with the community.

IDHS has advised that in 2022 they informally consulted, face to face, with all proprietors whose premises adjoin the un-named lane which indicated support for the proposed name.

It is recommended that the Shire formally advertise the proposed road names for a period of 21 days in the following ways:

- A notice being published in the Dongara Denison Local Rag;
- A copy of the application being made available for public inspection at the Shire office;
- The application being published on the Shire's website; and
- A written notice being sent to abutting landowners and the Sikh Association of WA.

Statutory Environment:
The practice of officially naming roads is covered under section 26A of the *Land Administration Act 1997*. The local government must first approve proposed road names and then forward them to the Minister for Lands for final approval.

The legislation is supported by the *Policies and Standards for Geographical Naming in Western Australia* which provides the necessary information and details the principles and standards which apply to all naming. The proposed names are considered to be in accordance with the policy and standards.

OFFICER RECOMMENDATION:

2. **Should no objections be received following the advertising period, approve the use of the following road names in order of preference for the road as shown on Survey Diagrams 63877, 63878 and 63879:**
   a. **Sikh Lane;**
   b. **Punjab Lane; and**
   c. **Sojan Lane**
3. **Should any objections be received following the advertising period then require a further report to be presented to Council.**
